97% employment or graduate school rate for Kelley School of Business graduates

PROGRAM FOR INTENSIVE ENGLISH (PIE)

Our PIE program offers a unique opportunity for international students to experience the IU Indianapolis campus while improving their English proficiency. With seven proficiency levels, PIE students can seamlessly transition into diverse IU Indy academic programs without needing TOEFL or IELTS scores. Additionally, PIE provides free tutoring, conversation partner programs, and courses in Listening, Speaking, Writing, Grammar, and Reading, with six sessions per year for flexible start times.

Ria Vavhal

MUMBAI, INDIA | BFA, VISUAL COMMUNICATION DESIGN | 2023

Why IU: The city of Indianapolis and the Herron School of Art and Design both caught my eye immediately. The school has its own diverse culture and I saw how easy it would be to make connections.

At IU: Getting involved opened doors that resulted in a position as a visual communication specialist for the Office of International Affairs.

After IU: I am continuing my studies working on interdisciplinary projects within the Indianapolis community in the Master of Design program.

Talitha Krenk

JOÃO PESSOA, BRAZIL | PROGRAM FOR INTENSIVE ENGLISH, MASTER OF LAWS, DOCTOR OF JURISPRUDENCE | 2022

Why IU: The difference between IU Indianapolis and other places I visited was how welcoming people made me feel. IU Indy truly embraces diversity.

At IU: Student organizations are an incredible opportunity to make new friends and network with professionals. I became president of the Master of Laws Association, and the people that I met there always refer me to new opportunities even today.

After IU: I am now an immigration attorney and opened my law firm in Indiana. We represent clients around the world.

ISA members can help you connect with our community and see IU from the perspective of current international students.
